Swami Vivekananda's views about Indian masses and their upliftment :

Findings :

- “I consider that the great national sin is the neglect of the masses, and that is one of the causes of our downfall.”
- “The whole defect is here : The real nation who live in cottage have forgotten their manhood, their individuality.”
- “The one thing that is at the root of all evils in India is the condition of the poor.”

Remedies :

- “The only service to be done for our lower classes is to give them education, to develop their lost individuality.”
- “Give them their rights, and let them stand on their rights.”
- “Keep the motto before you – 'Elevation of the masses without enjuring their religion.'”

In February 1897, in Chennai, after his return from triumphant tour of the west, Swami Vivekananda was asked,

'What are your views with regard to the Indian masses?'

He replied,

“Oh, we are awfully poor, and our masses are very ignorant about secular things. Our masses are very good because poverty here is not crime. Our masses are not violent...”

'What will you propose for the improvement of our masses?'

“We have to give them secular education. We have to follow the plan laid down by our ancestors, that is, to bring all the ideals slowly down among the masses. Raise them slowly up, raise them to equality. Impart even secular knowledge through religion.”

“This life is short, the vanities of the world are transient, but they alone live who live for others, the rest are more dead than alive.”

- Swami Vivekananda

Ramakrishna Mission

Ramakrishna Math and Ramakrishna Mission are twin organizations which form the core of a worldwide spiritual movement. It aims at the harmony of religions, harmony of the East and the West, harmony of the ancient and the modern, spiritual fulfillment, all-round development of human faculties, social equality, and peace for all humanity, without any distinctions of creed, caste, race or nationality. It was founded by Sri Ramakrishna's chief apostle, Swami Vivekananda (1863-1902), one of the foremost thinkers and religious leaders of the present age. The main goals and objectives of these twin organizations, based on the principles of Practical Vedanta, are:

1. To spread the idea of the potential divinity of every being and how to manifest it through every action and thought.
2. To spread the idea of harmony of religions.
3. To treat all work as worship, and service to man as service to God.
4. To make all possible attempts to alleviate human suffering by spreading education, rendering medical service, extending help to villagers.

RAMAKRISHNA MISSION ASHRAMA, NARENDRAPUR

A branch of the Ramakrishna Mission, this Ashrama has its services open to all irrespective of caste, creed and nationality, its special field being education. Started in 1934, it first served as a home for the poor and orphan boys. But since its relocation in 1957, it has grown into huge complex with varied activities. The education has been chosen as special field of services of this ashrama because right type of education is considered to be the best and most effective means of doing lasting good to the nation. The Ashrama, therefore, endeavors to educate the students according to the best traditions of our country. The activities of the Ashrama may be grouped under the following major heads :

- | | |
|--------------------------------------|--------------------------------|
| • General Education | • Religious Discourses |
| • Technical and Vocational Education | • Welfare Work for Harijan |
| • Medical | • Agricultural Training Centre |
| • Integrated Child Development | • Rural Development |

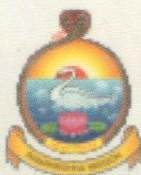

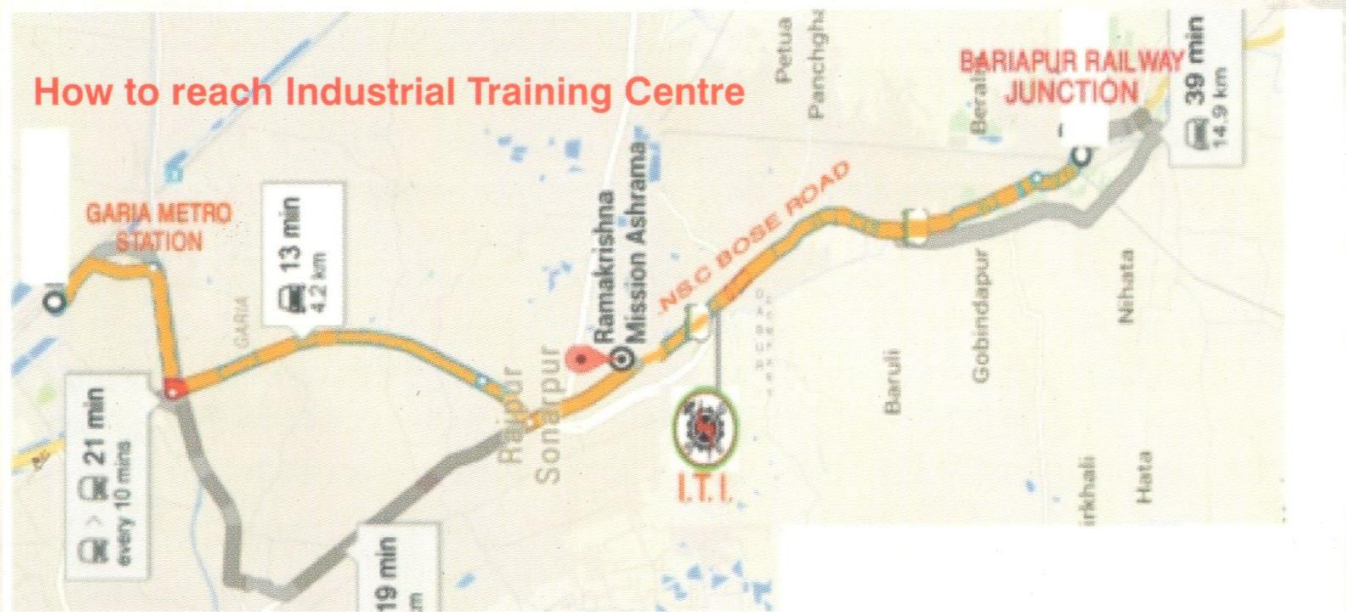

“Organization, the first secret of which is obedience.”

- Swami Vivekananda

Ramakrishna Mission Industrial Training Centre Narendrapur (RKMITC)

The RKMITC is a branch of Ramakrishna Mission Ashrama, Narendrapur. It's special field is technical education so that rural poor boys can stand on their own feet after completion of studies here. Swami Vivekananda used to say that education is the panacea of all social evils. But by education he did not mean merely book learning. He said, "***We must have life building, man making, character making assimilation of ideas***", and added, "***what we want is that education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one's feet***".

For the benefit of boys who are not able to pursue studies in general stream for some reasons, the ashrama has been running this Institute since 1967. Our Institute is affiliated under Directorate General of Employment and Training, New Delhi and West Bengal State Council of Vocational Education and Training.
